INDICTMENT OF OIL MEN

DALLAS GRAND JURY ALLEGES CONSPIRACY TO INJURE PIERCE-FORDYCE CO.

MANY DEFENDANTS

Several Texas Parties Among Those Indicted—Action Follows Federal Probe

By Associated Press.

Dallas, Texas, Aug. 29.—The Federal Grand Jury of the Northern District of Texas late today returned indictments against prominent oil men of Texas and other States, the Magnolia Petroleum Co., Standard Oil Co., of New York, and of New Jersey, charging violation of the anti-trust laws.

It is alleged defendants conspired to destroy business of the Pierce-Fordyce Oil Association of Texas.

The following individuals are named in indictments:

Calvin N. Payne of Titusville, Pa.
Henry C. Folger Jr., of New York.
John Sealy of Galveston.
A. C. Ebie of Dallas.
E. R. Brown of Corsicana.
W. C. Teagle of Plainfield, N. J.

DEPARTMENT OF JUSTICE INVESTIGATOR TAKES HAND

By Associated Press.

Dallas, Texas, Aug. 29.—The federal grand jury now in session here which adjourned yesterday until 3 o'clock this afternoon is expected to return indictments at that time.

The appearance of prominent oil men of Texas before the grand jury and a statement several days ago that alleged violations of the Sherman anti-trust laws were being investigated has caused the result of the jury's investigation to be awaited with much interest.

Walter S. Benham, an examiner from the department of justice at Washington, is assisting in the jury's investigation.

POLITICAL BATTLE SCENE IS NOW LAID IN VERMONT

Roosevelt Arrives To Stump For State Progressive Ticket—Election Is Next Tuesday

By Associated Press.

Pennington, Vt., Aug. 29.—The state campaign now nearing its closing hours, the election comes next Tuesday, received additional impetus today with the arrival of Colonel Theodore Roosevelt, who will spend three days on the stump on both sides of the Green mountains.

He is the second presidential candidate to invade the state this campaign, Eugene Chafin, the prohibition party leader being the other.

A number of progressive speakers, notably Former Senator Beveridge and Gifford Pinchot have been in Vermont for several weeks and claim to have gained much encouragement from the audiences.

Col. Roosevelt will visit both congressional districts, going into four large cities and eight large towns. While Col. Roosevelt is expected to discuss national issues to a great extent it is also regarded as probable that he pay some attention to the state candidates. Progressive managers here were well prepared for his visit. The red bandanna was much in evidence, national colors conspicuous and Roosevelt buttons numerous.

An attack on Senator Penrose of Pennsylvania and John A. Archbold of the Standard Oil Company was made today by Colonel Roosevelt in opening his Vermont campaign.

"We have been saying for some time," said Col. Roosevelt, "that I was opposed by an alliance between big business and politics and now John D. Archbold of the Standard Oil Company and Senator Penrose jump up to say it is true."

The colonel referred to the testimony of Mr. Archbold and Senator Penrose before the Senate committee. As soon as these men testified "they let Mr. Archbold go to Europe and they scattered to the four winds and refused to let me testify."

STATE WILL INVESTIGATE RAVAGES OF STOCK FLY.

By Associated Press.

Austin, Texas, Aug 29.—E. A. Miller, assistant state entomologist has gone to Sherman today to investigate the ravages of the fly which is not only bringing ruin to owners of live stock but is now also reported to be bothering persons as well.

The department of agriculture has no complaint or report with regard to the pest, further than what it has seen in the press, but the reports are such as to lead it to believe that it is justified in making an examination and giving whatever aid is possible.

ARCHBOLD ASKS TEMPORARY RELIEF FROM HIS DUTIES

By Associated Press.

Washington, D. C. Aug 29.—Judge R. W. Archbold whose trial under impeachment proceedings is impending has asked Chief Justice White of the United States supreme court to temporarily relieve him of duty.

CRITICISM CAUSE OF TROOPS' RECALL

SENATOR'S VIEWS ON SUBJECT BELIEVED TO HAVE ACTUATED PRESIDENT

MARINES ARE DIFFERENT

Their Presence On Foreign Soil Does Not Excite Comment As Does That of Soldiers

By Associated Press.

Washington, D. C., Aug. 29.—Adverse criticism of the State Department's Central American policy, during the closing hours in the Senate, with intimations that an American army would be sent to Nicaragua soon after adjournment are believed to be the reasons which actuated President Taft in revoking the order sending the Tenth Infantry from the canal zone to Nicaragua.

All authorities on international law in the war and navy departments practically are agreed that there is no technical difference between the khaki clad soldier and the marine or blue jacket when employed as a landing force in a foreign country but there is a public sentiment which associates the landing of soldiers with actual war and permanency of purpose.

On the other hand marines are so frequently called on for temporary and exigent service as to excite little comment.

Anxiety is expressed for Managua in view of a dispatch dated Monday received early today from American Minister Weitzel. The dispatch merely stated that the government had been informed that another attack on the capital would be made by the rebels. Copies of all cablegrams bearing on the Nicaraguan situation are being sent to President Taft. The Tenth Infantry is still being kept in readiness for duty in Nicaragua.

Upon his arrival at Corinto, Commander Washington, who is now the superior naval officer in Nicaraguan waters, called into a conference a committee representing the rebels. The rebels acquiesced in the demand for the immediate repair of the railroad between Corinto and the Nicaragua and the opening of telegraphic communication.

The president's action came at the close of a day spent largely in considering telegrams from State, War and Navy Department heads in Washington. The president expressed to friends the belief that there would be more than 2,000 United States marines on Nicaraguan soil by Tuesday. A long telegram last night from the commander of the United States gunboat Denver, in Nicaraguan waters, declared that the insurgent leaders had given assurances that they will open the lines of communication from Corinto to Managua. The Nicaraguan Government itself asked for assistance from the United States and stands ready to aid in opening the railway line to the coast from the capital.

The message to the resident said that the rebels possess five locomotives and the government fire. All ten of these may be put at the disposal of the United States if necessary. The recall of the order for the dispatch of the Tenth Infantry followed the receipt of this telegram from the Denver.

The president did not conceal his anxiety over conditions in the Central American Republic. In Managua and Corinto and other towns the situation is now especially dangerous to Americans, but in other parts of the country the revolution is not in hand and pillaging of all sorts has been going on. The people are suffering untold horrors and Americans are suffering in many instances with them.

AMERICAN AUTO MAKERS LEADING THE WORLD.

New York, Aug 29.—The thousands of automobiles produced annually by individual makers in this country must seem fantastic to the Frenchman, who has a chance to find out how many cars are produced in the factories of his native land, once the leader of the automobile industry of the world. A statistical expert here figures that the twenty-seven leading French makers produced a total of less than 26,000 cars in 1911. There are at least a half dozen concerns in this country which individually produce more than all of France and a few of them that produce more than twice that many.

TOO MANY VOTES IN SOUTH CAROLINA

MORE BALLOTS THAN REGISTERED VOTERS ALLEGED IN GUBERNATORIAL RACE

TO MAKE INVESTIGATION

Vote For Governor Exceeds That For Other State Officers By About Thirty Thousand

By Associated Press.

Columbia, S. C., Aug. 29.—Allegations that more ballots were cast for governor in Tuesday's state primary than there were men of voting age in the State have been made to Chairman Jerry Evans of the State executive committee and the belief is prevalent that an official recount will be ordered of the gubernatorial vote as soon as the executive committee can make an investigation.

The vote exceeds the record by thirty thousand. It is estimated that fully twenty thousand more votes were cast for governor than in ony of the other contests.

According to returns from Anderson county alone four thousand more votes were polled for governor than for other state officers. Reports from several counties state that more ballots were counted than there were names on the roll. Some of the counties have not waited for the state committee to act but have already ordered recounts. There are rumors of recounts from all over the State.

VALLEY FARMERS HERE AFTER COTTON PICKERS

Cotton Opening Rapidly In the Vicinity of Munday and Seymour On Wichita Valley

There is work for cotton pickers in the vicinity of Seymour, Munday and other Wichita Valley points and farmers from that section have been in Wichita Falls this week looking for hands. Cotton is opening rapidly in that country and it is said that pickers are badly wanted.

Cotton is also opening rapidly on the irrigated farms between Wichita Falls and the lake and in the Red River Valley. The next two weeks, from present indications, will see considerable cotton brought to the market as picking is already under way.

BETTER TREATMENT BY PANAMA POLICE DEMANDED

By Associated Press.

Washington, D. C., Aug. 29.—Emphatic demand on the Panama government to control the Panama police and put an end to the gross brutality with which Americans have been treated have been issued by the State Department.

BABY GIRL FOUND AT ORTH HOME

SIX WEEKS OLD FOUNDLING DISCOVERED ON GALLERY WEDNESDAY NIGHT

MAN'S TRACKS IN VICINITY

Home Already Found For Little One —Authorities Are Making Investigation of Affair

A baby girl, apparently aged about six weeks, was found shortly after midnight last night on the front porch of the home of T. R. T. Orth, Tenth and Burnett.

Mrs. Orth heard the infant crying and went to investigate, finding it on the edge of the gallery, fully dressed but without covering of any kind. Mr. Orth brought the little one to the city where Mrs. McClure, wife of the auto engine driver, took charge of it. After a bottle of milk had been supplied it, its good nature returned and this morning it was the center of an admiring throng.

Mr. Orth found the tracks of a man in the earth near the porch, but was unable to trace them. Early this morning a man passed the Orth home and started intently at the house as if looking for something; a few minutes later he passed again and stopped as if trying to satisfy himself of something.

Members of the Orth family wanted to keep the foundling and adopt it, but it was decided not to. Mrs. McClure declares that she will keep it unless the Orth's desire to do so and as several others have also signified willingness to adopt it, the little one seems fairly certain of finding a home.

The authorities are investigating the affair and may be able to locate the parents of the child. The usual theories are being advanced.

NORTHWESTERN TRACKS NOW AT NEW TERMINUS

Complete Into Forgan This Week and Operations of Trains Is To Commence Shortly

Work of laying the steel into Forgan, Oklahoma, has been completed by the Texas-Oklahoma Construction Company and trains will be operated into that place by the end of this week. At present the track crew is engaged in building the "Y" at Forgan and the completion of this will wind up the construction work on the new extension of the Northwestern line, at least so far as present plans are made public. Whether the line is to go beyond Forgan has not yet been decided upon.

BURKBURNETT TO HOLD CARNIVAL

WATERMELON AND OIL ARE BASIS FOR CELEBRATION SEPTEMBER 7 AND 8

GIVEN EXCURSION RATES

Many Visitors From Both Sides of State Line Expected and Town Is Getting Ready

Texas and Oklahoma Watermelon Carnival and celebration of the opening of the great Burkburnett oil field is the title of a pretentious celebration which the people of Burkburnett are making plans to hold on September 6 and 7.

For the occasion the Wichita Falls Route has made special excursion rates and the business men of Burkburnett are planning to entertain a big crowd. The idea of a watermelon carnival is rather a novelty, and certainly no town is better prepared to pull off such an event this year than Burkburnett, with its sixty and seventy and eighty pounders. The new oil field will also prove a source of considerable interest to visitors.

THREE MEET DEATH WHEN POWDER MILL EXPLODES

Plant Near Knoxville, Tennessee, Is Wrecked This Morning and Fatalities Result

By Associated Press.

Knoxville, Tenn., Aug. 29.—Three men were killed and three injured in an explosion of one of the mills of the Rand Powder Company at Marlow, twenty-three miles west of Knoxville, this morning. The dead are:

JOHN GILES.
FRANK BARRETT.
GEORGE NEWBRILL.

The dead and injured men were laborers employed as mixers of powder. A quantity of powder had been loaded on a truck which runs on a track into the mills and Barrett and Newbrill were leaving the building with the truck of powder and Giles was approaching them. When they were a few feet from the building the powder in the mill exploded wrecking the building and killing the three men.

BODY OF GENERAL BOOTH BURIED IN ABNEY PARK.

By Associated Press.

London, Aug. 29.—The body of the Late General Boothe was placed today beside that of Catherince Boothe, his wife, in Abney Park cemetery, amid signs of deep respect from men and women of all classes. Representatives of reigning houses and presidents of Republics including the United States joined round the grave with many thousands from the masses.

LLOYD LOCKRIDGE NAMED FOR A. & M. SECRETARYSHIP

By Associated Press.

Austin, Texas, Aug. 29.—H. M. Johnston of the Houston Post, has declined the appointment as secretary by the board of directors of the A. & M. College and the governor has recommended to the board the appointment of Lloyd P. Lockridge, also the Houston Post.

KNIFE FOR TAFT FOUND ON WOMAN

WAS WAITING IN OHIO HOTEL WHERE PRESIDENT WAS TO STOP TODAY

ARRESTED BY DETECTIVES

Declared She Was Wife of Chief Executive and That She Was Going To Kill Him

By Associated Press.

Columbus, Ohio, Aug. 29.—A woman with two long knives concealed in her clothing awaited the coming of President Taft to a hotel here this morning. She gave the name of Caroline Beers, aged forty and said she was the president's wife. She was found this morning on one of the upper floors of the hotel near the elevator which it was presumed the president would use soon after his arrival.

She was rushed out of the place by detectives just before the president arrived. Warning that she might try to harm the president came yesterday when she told hotel employes she was going to punish the chief executive.

"I have this sacred knife for the president," she said. She referred to a long bladed affair she carried on the handle of which was a photograph of President Taft. She was well dressed and $200 was found in her clothing. She says she lives at Greenville, Ohio.

President Taft faced a program expected to keep him busy until late tonight. His chief address was scheduled to be given tonight at a banquet of the Ohio Bar Association. He declared this would not be on politics. At 9 o'clock the activities of the day began when he visited the State House and was serenaded by 600 vocalists from the Ohio Saengerbund. By 10 o'clock he was taken to the state fair for two short addresses.

President Taft's publicly explained today his exercise of the veto power in his speech to the great crowd of farmers on the state fair grounds here.

"Some of my friends," said the President, "say that if a king had used the veto as I have, his head would drop in the basket. But I am not a king and that is very different. The president uses the veto when his conscience tells him whether his head drops into the basket or not. The veto is an excellent thing. My friends who criticise me forget that I was elected just as they were and by more people than they were."

WILSON ADDRESSES TWO PENNSYLVANIA CROWDS

Stops at Lancaster and Harrisburg For Brief Talks En Route To Farmers' Meeting

By Associated Press.

Harrisburg, Penn., Aug. 29.—Governor Woodrow Wilson did a little stump speaking today in spite of himself. Not intending to make any but scheduled addresses, he was greeted by such big crowds at both Lancaster and Harrisburg that the candidate found himself making speeches from both ends of his car, shaking hands with hundreds and waving his hat.

"I am very much more interested in you than you are in me," said the governor, "because the interesting and delightful part of campaigning, as I have found it, has been that the country is witnessing an uprising of the peopl. A crowd like this means business. You are discovering not only that the government ought to belong to you, but that if you only 'pump' yourselves, it will belong to you.'

"I don't mean to stir up passion or feeling. I simply mean that we must get together again. That is what I am interested in and the reason I said I was interested in you more than you are in me is that I know the strength of a public man is in proportion to those men who are gathered with him."

The speech was cheered. The governor also was greeted by a large crowd at Harrisburg where he stopped only a short time on his way to Williams Grove.

WHITE-CAPS IN OKLAHOMA

WICHITA BOOSTERS' SPECIAL EXTENDING INVITATION TO COME NEXT WEEK

150 ARE ON BOARD

Stops Are Made at Every Station and Glad Hand Extended. Country Looks Prosperous

Staff Special to The Times.

Frederick, Okla., Aug 29.—Speeding through fields of cotton, corn and maize, 150 Wichita boosters are traveling across Western Oklahoma spreading the tidings of friendship and a welcome to the "Best Built City in Texas."

Stops are being made at every station and the boosters are being received with a gladsome welcome. At no place visited thus far has there been a formal welcome but the people have turned out in large numbers and every station platform has been crowded.

Recent rains most of the way from the Red River north to Frederick have kept the cotton and grain crops green and growing and the country everywhere bears evidence of prosperity.

Parades are being made through the largest towns. Bert Bean has been appointed grand marshal with F. P. St. Clair as his assistant.

The excursion is leaving here at noon. Every where the people say they will be in Wichita September 2nd and 3rd.

WHITE-CAPPED BOOSTERS LEAVE FOR OKLAHOMA TRIP.

A crowd of 150 "white-cappers" boarded the Wichita Falls & Northwestern excursion train this morning and with band playing and banners flying, rolled away to Oklahoma to "white-cap" Oklahomans into coming to Wichita Falls' celebration next week.

All of the excursionists wore white caps and Young Men's Progressive League badges and most of them were armed with advertising matter of one kind or another.

The train was well equipped for such an excursion. The baggage car contained a restaurant where those overtaken by hunger en route may eat. The band occupied the last car and played rag time selections on little or no provocation.

Secretary Gaston of the Young Men's Progressive League was a busy human, getting everybody on the train, seeing that all had caps and badges and fussing around generally. Just before the train started everybody lined up for a picture. The camera man looked worried, but it didn't break; however, the film hasn't developed yet.

Long banners with the words "Young Men's Progressive League" and "Come to Wichita Falls' Celebration" bedecked the cars and red, white and blue bunting was also in evidence. There were also some pennants with the words "Hyde Park." It is understood that this was advertising a new addition soon to be put on the market here.

It was the intention to get out and parade at every stop along the line and to make their presence known all along the line. A large crowd of stay-at-homes was down at the station to watch the departure of the boosters.

WICHITA SOUTHERN NOW HAS OFFICES AT AMARILLO

Local Insurance Concern Establishes Panhandle Headquarters. Other Changes Announced

The Wichita Southern Life Insurance Company has just established a general office at Amarillo. R. E. Slaughter and W. A. Askew, two of the best known insurance men in Northwest Texas are in charge of the new office, and will have general supervision over the agency work in the North Panhandle.

Assistant Manager Frank Griffin of the Wichita Southern, states that throughout the Northwest Texas, Southwest Oklahoma and New Mexico, the outlook is fine for business, and that his company will write at least a million and a half of insurance before January 1st.

C. J. Koonce, superintendent of agents for the Wichita Southern Life Insurance Company has moved his family here from Haskell and will make Wichita Falls his home.

Next Week's Celebration Plans Are Rapidly Taking Form--Variety of Stunts In Store For City's Visitors

Plans and preparations for what seems destined to prove the largest and most successful celebration ever attempted in this section of the state are taking form. No pains are being spared to bring here for two days beginning next Monday morning every attraction possible and which it is thought will prove an added feature of entertainment to the large crowds that are expected. At the head of the list of the various committees preparing for the celebration stands J. B. Marlow, who as usual is overlooking no bets to make the event an unqualified success.

At the present time more than thirty head of fine race horses are quartered at the Lake Wichita stables. With these horses are several men prominent as race track experts, and a number of additional men and horses are expected to arrive here today, tomorrow and every day until next Monday when the first race will take place.

Ten thousand pounds of fish, beef and mutton with plenty of pickles and bread will be used to satisfy the hunger of those who attend the celebration and a full carload of wood with which to prepare the meals has arrived and is now standing on a side track at Lake Wichita waiting to be utilized. The race track has been put in the finest of condition, and a temporary grandstand that will seat more than fifteen hundred people has been completed.

The Chamber of Commerce is sending out each day hundreds of pieces of literature setting forth the numerous attractions that will be here, and word has been received from dozens of surrounding towns that large delegations of people will make the trip to this city.

The labor unions are sending out special invitations to each organization in other cities within a radius of one hundred and fifty miles and there is no reason from the viewpoint of those arranging for the celebration, why the largest crowd that has ever been in this city will not be present during next Monday and Tuesday.

Labor day will begin in this city with speeches and addresses in front of the court house lasting from 8:30 to 9:30. Promptly at 9:30 o'clock it is planned to start the largest parade that has ever been pulled off here. The cavalcade will start in front of the court house and the paricipants will march through the principal streets of the city. The parade will be participated in by members of the labor unions, the farmers' union, the Chamber of Commerce, the Young Men's Progressive League, citizen of this city, members of different lodges, any any one else who desires to take part. J. B. Marlow says that the help and support of every person in this city as well as of the visitors is urgently desired and requested in order to make this parade a complete success. A $10 prize has been offered to the owner of the best decorated vehicle and the contest is open for all who desire to enter.

Following the parade, most of the crowds will adjourn to Lake Wichita where a monster barbecue will be ready and from 1:30 until 3 o'clock dozens of tables will be loaded with fish, beef, mutton, pickles, bread, onions, and other edibles. After three o'clock will come the horse races for which large purses have been prepared. There will be running races free for all, harness races free for all, Indian horse races, relay races, bicycle races, foot races and probably a half mile human endurance race free for all who desire to enter, a purse having been provided for the winner. Between horse races will come the foot races and bicycle races so that time will not be allowed to drag for the spectators. At 6:15 o'clock on both days a balloon ascension will take place, and at 8:30 an Indian war dance will begin. At night a boxing contest between J. W. Mode, the local white hope and several aspirants for his title will be the feature, with a possibility that Cass Tarver, who has been attracting a great deal of attention as a white hope during the past several months, will be here. Preceding the boxing exhibitions it is probable that a free for all contest between five or six negroes will be indulged in, with a purse offered to the negro who stays in the ring the longest time.

In case the two days celebration

WOMEN SPELLBINDERS AT HEADQUARTERS

Some of Them Have Original Ideas Which They Want Incorporated In Companies

New York Aug 29—The professional politicians who hover about the three national political headquarters in this city are beginning to turn pale and they peer into the future They are just beginning to shiver whenever glimpses what the feminine element in politics mean

Trouble' say one man, who for his own safety shall not be named "Trouble says he despondently "These pantsiers are going to have us all jumping out of the windows with low sobs of relief before election day I hate to think what it will be four years from now when the girls are plenty wise to the job

Republican national headquarters are haunted by grim women with plans to organize all womankind Over at the Bull Moose tation in the Metropolitan tower a squad of would be speakers settled down the other day The ring leader insisted on giving the politicians a sample of her oratorical ability On the authority of an employee she delivered a speech on each of the forty two floors

At the Democratic camp the women [illegible] em to run toward the picturesque [illegible] have a great plan to present to C[illegible]man McCoombs," said a woman w[illegible] belonged to the train-wrecker trade The fender to whom she spoke insisted on getting a peek at the plan before she reached McCoombs

"I shall dress in white tights and wear a white horse and ride up and down broadway to typify the purity of the Wilson campaign ' said she

'Lady" said the fender earnestly "lady aint you afraid Broadway will throw mud at them tights? Why don't you try burlesque?

It has been stated on good authority that the salary of the average bank teller in the United States does not exceed $40 a week The average physician established in business does not make over $1400 a year It has been estimated that the fifty thousand—more or less—lawyers of New York City average $18 a week A rough guess at the salary of all the ministers makes it $800 a year The average salary of the college professor is hardly more than $1 800 Perhaps it isn't that Insurance agents do not net more than $25 a week on the average And all of these belong to a class privileged to pay a linen spoiler two and one half cents for the collar that will last only a day They must have their trousers do-kneed at intervals their shoes must be shined and even the best writing fluids will not make their hats wear more than a season in honor

They have been trying to make their living by their brains That seems to be a mistake just now as the market is overstocked If they were to take advantage of the anatomical fact that their right arms are made with warkable joints about the middle they would do much better The Greek boot black who has a stand in the big down town building will get rich—for a Greek boot-black—in four years Recent revelations have shown that the owner of any good news stand can afford to pay $30 to $40 a month tax to the city If he can be protected from other forms of tax A man who six years ago engineered a push cart has just completed a handsome apartment house on upper Broadway. The Italian who sells the bank cashier peanuts for the week ly treat of the bank cashier's kids makes more money than the doting daddy does. The man who washes the windows of my up-town flat makes $50 to $60 a week at it, and not long ago paid another man $1,800 cash for his "route"

A bas the brains! More power to the elbow!

Until a few weeks ago Police Commissioner Waldo used to make a loud humming noise every time he thought of the courts His men would go out and raid a gambling house and bring in two or three van loads of gambling furniture and the arrested gamblers would prove that they had nothing to do with the house had merely droped in at the time of the arrest merely because the baby had the croup, and couldn't play pinochle with a marked deck, and then the next day the court would give back to the person acquitted of gambling the nice pearl inlaid wheels and the tables on their affidavit that they were unlawfully kept out of possession of their property.

"All right," said Waldo, "we'll try a new way"

So that now the first order, that is made after the raid is to cut into the furniture with a sharp axe. The room of the property clerk at the police headquarters is filled with gambling apparatus that might have cost $100,000 at the outset—one item is a package of $1,000—but is now so chipped and defaced that it is salable only for firewood. The gamblers were inclined to be fussy about it at first, and one or two of them sued the property clerk for damages.

"But, shucks," said one of the injured "What's the use of hollering about that just now? I'll give all I could collect from a suit like that to buy bald Jack Rose a tortoise shell comb."

CANAL ACTION THREATENS INTERNATIONAL COMMERCE.

London, Aug. 29.—Baron Strathcona high commissioner for Canada, in an interview yesterday regarding the Panama bill controversy said he deprecated public discussion of the question pending further developments. He declared, however, that if discriminating provisions in favor of American coastwise shipping came into operation it would seriously hamper the over-sea trade of foreign nations

"We regard it as absolutely wrong,' Baron Strathcona said, "that this interpretation should have been put upon the treaty Doubtless the foreign office will put the matter before the United States in its proper light and we have the assurance that a very large body of American opinion is dissatisfied with the government's present position"

Post Toasties nutritious are simply delicious;
They're flaky and crispy and brown;
Their exquisite flavor has surely won favor,
Just try them and banish that frown.

War Causes Poverty

It Also Kills Off the Best Part of the Race

By DAVID STARR JORDAN, President of Leland Stanford University

TOO much stress is laid on the bravery of the fighting man. There are as many brave men found in private life when an emergency arises as may be found on the field of battle, and it does not require courage to go out and kill men by wholesale. We now have guns that will sweep men off fifteen miles away as easily as one may sweep grasshoppers off a fence with a garden hose.

The war debt of the world today is thirty-seven thousand million dollars. This enormous debt caused by the nations makes most of the POVERTY, while money has gone to enrich pawnbrokers. Except for accident and drunkenness there would be NO POVERTY IN THE WORLD TODAY.

It is the armor plate lobby of Europe that keeps up the cry of alarm, with the result that many Dreadnoughts are built. In Germany lately a dividend of 25 per cent was declared on the building of great warships, while in England the builders are doing quite as well, with the United States drawing along close after them.

We should have no fleet except for ORNAMENTAL PURPOSES, as there is no nation that would attack us. The Japanese war scare is nothing. That country is occupied with her own affairs.

WAR TAKES THE YOUNG AND VIGOROUS AND LEAVES THE WEAK TO CARRY ON THE RACE.

The Roman empire failed when the strong Romans were gone. Greece failed in the same way. These Greeks fought with each other until they were gone, and the country was filled with the odds and ends of humanity. So, too, with Spain, of which country a Spanish writer said, "Spain makes men and wastes them." The slum is a product of war. WITHOUT WAR THERE WOULD BE NO SLUMS. The inefficient are left to breed. War never uses any of that kind. Benjamin Franklin was the first man who saw how war most always destroys the breed. "Wars," he said, "are not paid for in wartime. The bill comes later."

Cure For the Ills of Democracy Is More Democracy

By the Rev. SYDNEY HERBERT COX, of Philadelphia

MEN have doubted democracy because it did not seem to work. The answer is: The CURE FOR THE ILLS OF DEMOCRACY IS MORE DEMOCRACY.

The discoverers of the vast values of industrial efficiency have reaped great personal reward and great volumes of abuse. Yet Carnegie, Rockefeller et al. were inevitable products of a social and political system that is ours much more than theirs. THERE CAN BE NO PLUNDER OF THE DEMOCRACY WITHOUT THE PERMISSION OF THE DEMOCRACY IF IT IS A REALITY.

The suggestion that some fifty captains of industry, with perhaps a thousand subcaptains to assist them, have "broken into the bank" and stolen the property of ninety million Americans is absurd. It is the confession that the ninety million have a FEARFUL AND HORRIBLE WEAKNESS, the weakness of IGNORANCE AND DISORDER.

THE WELFARE OF THIS REPUBLIC IS IN THE CONTROL OF THE GREAT MAJORITY, NOT THE SMALL MINORITY. THE PEOPLE AT LARGE MUST MAKE THEMSELVES EFFICIENT CITIZENS.

American Women Have Worst Walk In the World

By Mrs. ALICE CHRISTAL, Lecturer and Writer, of Ireland

I HEARD a man say you could raise money on a walk. He was quite right. Also A WALK CAN SEND US TO JAIL—at any rate, to an asylum.

When the man said you could raise money on a walk he meant a fine, sturdy, self respecting walk that begot confidence and would inspire some one to LEND MONEY TO THE OWNER.

The walk that might send one to jail is the slouching, furtive walk that makes us an OBJECT OF SUSPICION, and the walk that will send us to the hospital is the narrow shouldered, bowed head, hunched up walk that will place one in the consumptive ward, where we deserve to go if we walk in such a way.

THE AMERICAN WOMAN HAS THE WORST WALK IN THE WORLD.

Our Exhibition of Fall Shoes is Now Ready

There are shoes for every occasion. Dress Shoes in all the new materials; walking boots in tan and dull calf, and glazed kid—shoes for indoors and out—for the woman who likes "the very latest" and the most conservative dresser.

You will be especially charmed with the year-ahead style features—the graceful lines and snug fit of the Red Cross Shoe.

And when you try on this shoe and *walk* in it you will be delighted. At the very first step the sole will bend with your foot like a perfect fitting glove bends with your hand. And every succeeding step will be taken in such ease and freedom as you have never known before.

Come in today. See for yourself that in the Red Cross Shoe you *can* have the utmost foot comfort without sacrificing style.

W. H. MINOR IS ROBBED OF $50,000.

Chicago Man Victim of Thieves On Train Bound for New York.

By Associated Press

New York.—That William H. Miner president of the William H. Miner company, of Chicago, was robbed of $50,000 while bound from Chicago to New York last Thursday night became known here today. Detectives have been working on the case, but no announcement had heretofore been made, as it was hoped that the thieves might be caught.

The money was in a traveling bag which Mr. Miner had at his side in his berth in the sleeping car. He did not discover his loss until he reached his hotel in New York.

NEW SUNDAY MAIL PLAN EXPLAIND

NO INCONVENIENCE TO BUSINESS PUBLIC AS RESULT OF LAW

STATEMENT IS ISSUED

Postmaster General Declares Urgent Matter Will Reach Its Destination Promptly as Before

Washington, D. C., Aug. 29.—Plans were perfected by Postmaster General Hitchcock Tuesday whereby the administration of the new law prohibiting delivery of mail on Sundays will have no serious effect upon the handling of important mail matter.

Holders of lock boxes at first and second class postoffices will have access to them as usual, although no mail deliveries will be made on the street or at postoffice windows. Mail for hotel guests and newspapers will be delivered through their lock boxes by simple arrangement of having more mail sorted on the railway mail cars before it reaches its destination.

Such mail will be distributed immediately upon its arrival at the office of destination.

This distribution will require a minimum of Sunday work and the distribution of other mail received Sunday will be made after midnight Sunday so it may be delivered by carriers on their first tour Monday.

After all day conferences with experts of his department Postmaster General Hitchcock last night issued a statement explanatory to his administration of the new law. His assurance is that there will be no embarrassment to the business public and that, through the arrangements he outlines, urgent mail will reach its destination promptly. Orders necessary to carry Mr. Hitchcock's plan into effect will be issued immediately. The Postmaster General's statement says in part:

"There appears to be some misapprehension as regards the provision in the postal bill relating to the delivery of mail on Sundays. This provision does not require the closing of postoffices on Sunday, which would be quite impossible, owing to the fact that the transit mail has to be sorted and also the mail collected in cities for dispatch to other destinations. To stop the movement of this mail would mean a serious clogging of the whole system and consequent inconveniences to the public.

"At present most of the mail received Sunday for delivery by carrier Monday morning is worked after midnight on Sunday and therefore the law will not affect this mail. It will be delivered as promptly as hitherto. Mail received up to midnight on Saturday for lock boxes will be distributed to the boxes and will be available to box holders on Sunday as usual.

"There is at present no street delivery of mail by letter carriers on Sunday, and therefore the law makes no change in this regard. In short, the only mail that will be affected under a reasonable construction of the new law is that received at the postoffice on Sunday and hitherto sorted on that day for distribution to lock boxes.

"By the proposed changes in the method of putting up mail in the offices of origin and in its handling on the railway mail trains it is believed that a satisfactory distribution can be made in postoffices on Sundays with far less work than is now required."

FIRST CAR APPLES HERE SATURDAY

First car of apples of the season will be on the track at usual place of selling Saturday, August 31 and remain until sold. These apples are first class and direct from the orchard in Missouri and consist of the following varieties: Huntsman, Jonathan, Northern Spies, Belleflower and a special preserving apple. Now is the time to get your apples for canning and preserving. 1tc

FATHER AND DAUGHTER ARE AT LAST REUNITED.

Cleveland, Ohio, Aug. 29.—After having been separated ninteen years, S. D. Waggner of Bluffton, Ind., and his daughter, Edna, of Cleveland, were reunited here last night. Their meeting came after a telephone conversation when Waggner, in Bluffton, heard Edna speaking in Cleveland in a woman's voice that, when he had last heard it, had been that of a baby.

When the child was two years old, the mother died and the father placed Edna in a Cleveland orphanage, whence she was transferred to that of the Sisters of Charity in Toledo. She was taken from there by a preacher who kept her several years at his home in Henry county, Ohio. Thence she came to Cleveland and it was here that some one told her of an advertisement for his lost child which had been made by S. D. Waggner of Bluffton. She called Waggner by telephone and establishing her identity the reunion plans followed.

Says Farmers Will Have To Pay Their Help More

A contributor to the current issue of Farm and Fireside, says that the time is coming when farmers will have to increase the wages of their help. Following is an extract:

"There is one phase of the question that the farmers rarely touch on in speaking of farm labor difficulties, and that is the wage problem. Back as far as 1870 farmers were paying about as much for hired men as they are now, yet nobody ever seems to take into consideration the fact that if better wages were paid young men might be attracted to the farms.

"In my childhood a neighbor of ours who needed a man the year around, paid a young, capable farmer one dollar per day, furnished him house rent, fuel, chickens, cow, pig and garden, and considered himself fortunate to have him. That is about as much as the married laborer can get now, and often farmers deduct for holidays and stormy periods when there is only the feeding on hand. Personally, I know of graduates of agricultural schools being offered only twenty-five dollars and board per month, the same wages paid to untrained and untaught workers. On our farm a young college student (not an agricultural student) worked last summer for twenty dollars per month and board, and was well pleased to get it. To be sure, he was only a boy, and a boy with several fingers off one hand, which rather handicapped him, but he was faithful, honest and intelligent. He set his own price and said he never earned that much before. In my childhood my father paid a man twenty dollars per month and kept a horse for him, putting up with various tribulations in the way of much running to town and staying out at nights. Careful inquiry among our neighbors revealed the fact that twenty dollars per month is considered a fair price for a young and inexperienced farm hand with one dollar per day on working days for a grown man.

"Now two hundred and forty dollars per year doesn't look very attractive to the average youth, even if living is thrown in. The time was when a young man could pay attention to a young lady without very much expense, but that time is past and all sorts of amusement have doubled in price, but the wages have remained stationary. And when the young man begins to think of setting up a home of his own, what can he do with the savings of two hundred and forty dollars per year? It is no wonder the sons of farmers take to town as soon as they are old enough to work."

Dallas Man Killed Himself.

By Associated Press

Dallas, Texas, Aug. 29.—Benjamin Moody, aged 25, killed himself in the back yard of his home here yesterday, firing a bullet into his brain. Moody was in very poor health and had become despondent.

The New Syrup with Many Uses

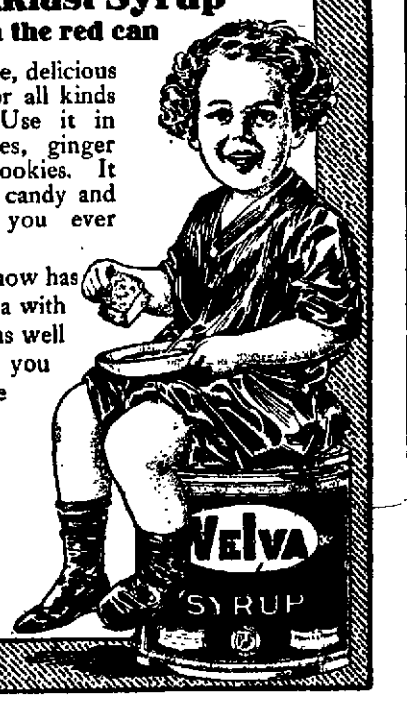
Now we want you to try the new Velva in the red can. It makes griddle cakes and waffles taste better than ever.

The New VELVA Breakfast Syrup in the red can

is a wholesome, delicious sweetening for all kinds of dishes. Use it in making cakes, ginger bread and cookies. It makes better candy and fudge, than you ever tasted before.

Your grocer now has the new Velva with the red label as well as the kind you know with the green label.

Try a 10c can of the new Velva.



PENICK & FORD, LTD.

jade excepting for the sup. The sash was plaited the shoulders in one with the waist were smooth. The bottom had an edge of cerise taffeta, a girdle of same was finished with girlish bow and a tiny flat collar also of the taffeta completed this youthful little dancing frock.

Robes of handsome Chantilly and Sierre lace, collars, flounces and scarf to use as trimmings are among the early importations at this place.

The most lovely old wash blond with three spaced stripes of color outlined with diminutive rhinestones is shown by the yard five inches wide. It is to be used in the flattest of plattings in the dressiest of frocks. This little trimming and other flouncings worked out in color beads are reminiscent of grandmother and her best bib and tucker, so delightfully old fashioned are they.

UNIFORM CHILD LABOR MEASURE RECOMMENDED

Milwaukee, Wis., Aug. 29.—Having approved a model uniform law intended for adoption by all the states to prohibit the employment of chil-

ern dentistry, including two full sets of instruments and an electric sterilizer. This enables me to use sterilized instruments on each patient. It is a well known fact that many contagious diseases, such as tuberculosis, diphtheria, pyorrhea, (that dreaded disease which causes the teeth to become loose and fall out commonly known as scurvey) and many blood diseases can be transmitted from the mouth of one patient to that of another by the dentist.

It affords me great satisfaction to give my patients this safeguard. Soliciting a renewal of your liberal patronage of past years, I beg to remain,

Yours sincerely,

DR. H. A. WALLER.

Entered at the Postoffice at Wichita Falls as second-class mail matter

Wichita Falls, Texas August 29, 1912.

505 UNION LABEL 505

With the moment for a steady increase in the price for petroleum and the extension of the oil fields in this section the outlook for prosperity in the oil business is most flattering at this time.

At a meeting of the pastors of the different churches of the city, it has been decided to accept the offer of Hon. Morris Sheppard to deliver a lecture in this city on November 10th. His subject will be Christian Citizenship, and the lecture will be delivered at the First M. E. Church south.

Texas commercial secretaries have just closed a very successful institute at Lake Wichita. The institute has been profitable to the visitors no less from its discussions than the opportunity it afforded them to see concrete evidences of some of the efforts of town builders right here in Wichita Falls.

The people already know or at least suspect very strongly where the bulk of the contributions to the Republican National campaign fund came from in 1904. What would be more interesting to them just now is which of the trusts are supporting Teddy and which Taft? While the Colonel is telling the story, he could perhaps furnish some information along that line.

The Vermont state election will occur next Tuesday and the election in Maine one week from that date. In the Republican primaries in those two states held prior to the Chicago convention Taft won out in Vermont and Roosevelt in Maine. As both Roosevelt and Taft tickets are in the field the prospects that both states will give their electoral votes to Wilson in November are very flattering.

Collen Thomas of Dallas distinguished himself at Baltimore by silencing Congressman Fitzgerald of New York and Fitzgerald's friends evened up with Cullen at San Antonio by refusing to allow him to present the name of a candidate for temporary chairman of that convention. It will be Mr. Thomas' next time at the bat, and if the Baltimore ticket wins which it will the chances are that he will be given an opportunity to even up the San Antonio affair.

If you are in earnest, Mr. Good Citizen in your talk of building a better Wichita Falls show your faith by ceasing that practice of sending away for that which can be had at home. If you have grown so prosperous that you cannot do this, then cease to give the advice to others to be honest with yourself. If everyone should send away for their supplies there would be little demand for business or resident property in Wichita Falls. In fact this thrifty, wide-awake city of from population would be reduced to a mere whistling station. Should all of us adopt the plan we are pursuing.

Hon. Geo. Sims, Democratic National committeeman, writes The Times that he expects to raise at least $5,000 in Texas to the Wilson campaign fund and that every mail brings him gratifying responses to his appeal and from present indications Texas Democracy will distinguish itself quite as much in the election of Woodrow Wilson as it did at Houston and later at Baltimore in bringing about his nomination. But no time should be lost in this matter. So far as The Times is aware less than $100 has so far been subscribed and sent in for Wichita Falls and Wichita county. Wilson Democrats should loosen up at once if they approve of the plan suggested for the raising of campaign funds by calling those who do not [illegible] to contribute.

In another column Europe W. R. Bates and Joe Patrose, Archbold and Roosevelt to give the whole facts about the Standard Oil contributions to the Republican campaign fund in 1904, which they fail to [illegible] he will [illegible] facts in his possession. There is where the public want and there is well defined belief that none of these gentlemen have told so far even a little of the facts in their possession. Pat and Joe interest themselves of course in what part Colonel Roosevelt had in the matter of the election of Roosevelt and during the presidency and his en

phatic denial in the campaign of 1904 that any such contributions were accepted. It will not be enough to clear Roosevelt to show that he did not know that such contributions were received but if he is to escape blame it must be shown that he made the denial only after the most searching investigation. So far as to Penrose acceptance of Standard Oil money this has been accepted as facts and the public is no longer interested. The worst developments will create no surprise.

THAT NEGRO DINNER

Fort Worth Record.

News notes of the political activity of Northern negroes in opposing the Roosevelt party explain the presence of the negroes at the Rhode Island dinner at which Colonel Roosevelt was the guest of honor. During the noisy birth of the new party the full political effect of Colonel Roosevelt's repudiation of Southern negroes was not realized by the new party's managers. But they did not have to wait long before discovering that Northern negroes resented this attack upon their Southern brethren. Immediately following the Chicago convention the National Colored Men's Progressive League met and issued an address denouncing the Roosevelt negro policy. It was a ringing document bristling with indignation and it pointed out to Northern negroes that their political rights would not be safe in the keeping of men who openly approved disfranchisement in the South. Much was said along this line and the introduction of "Jim Crow" laws into border and Northern states was predicted if the Roosevelt negro policy won.

Northern negroes have filled with letters, speeches and editorials on this subject and Northern negroes are fighting mad.

Senator Dixon and George Perkins remained over in Chicago to pacify their colored allies but as rapidly as they would make terms with the "rock crushed" Southern delegates these delegates would be repudiated and denounced by their Northern brethren as "traitors to their race."

And then the new party leaders began to study election tables and learned that the negro vote constitutes a balance of power in many states. A list of these states and the colored vote, tells its own story of danger to the new party:

State	Vote.
Massachusetts	20,000
Rhode Island	3,500
Connecticut	6,000
New York	50,000
New Jersey	30,000
Pennsylvania	70,000
Delaware	10,000
Maryland	65,000
West Virginia	24,000
Kentucky	75,000
Missouri	50,000
Ohio	47,000
Indiana	25,000
Illinois	50,000
Michigan	7,000
Iowa	7,000
Kansas	20,000
Nebraska	4,000
Oklahoma	40,000
Colorado	5,000
California	10,000
Washington	8,500

These states have 327 electoral votes. The number needed to elect this year is 267.

Something had to be done and done quickly. The Rhode Island dinner at which Colonel Roosevelt sat at a table with white men, white women and negro men was undoubtedly the expedient devised by the board of strategy to mollify Northern negroes.

Carrying out his notion of a square deal, it is not unlikely that the colonel will at an early day come South to lend his presence to a social gathering of Southern white men.

CUBAN REPORTER FREED AGAIN DESPITE PROTEST

Released on Light Bail and Much Indignation Results Among Americans in Havana

By Associated Press

Havana, Aug. 29.—The release again last night of Enriques Ma[illegible] has aroused great indignation in American and foreign circles here. Although Maza had been re-arrested yesterday on the charge of assaulting Hugh S. Gibson, the American charge de affairs, the judge let him go on bail of $500, the lowest amount demanded, even in a case of common assault.

This was done despite Mr. Gibson's had been informed by the court that no bail would be allowed, and that the accused would be kept in jail. Mr. Gibson intends today, in accordance with his instructions from Washington to lodge a vigorous protest and to demand severe punishment for his assailant.

It is reported another diplomat was the victim of an assault but refused to prosecute. During the morning of the day he assaulted Mr. Gibson Maza went a fencing school and practice for an hour with the sabre telling the fencing master he intended to do something that night that would provoke a duel.

ADEQUATE PUNISHMENT OF REPORTER TO BE DEMANDED

By Associated Press

Washington, D. C., Aug. 29.—The United States will insist that adequate punishment be meted out to the Cuban reporter who assaulted Hugh Gibson. Both the Cuban legation here and the American legation in Havana have been informed by the State Department that it attaches the greatest importance to the adequate punishment of the assailant.

NEXT WEEK'S CELEBRATION PLANS

(Continued from page 1.)

proves the unqualified success that it is expected to be. It is certain that the affair will be made an annual event and in any case it is probable that a first Monday trades day or monthly time when special inducements will be offered to horse traders will be inaugurated. Today's excursion under the auspices of the Young Men's Progressive League and participated in by more than one hundred and twenty-five citizens is expected to prove a great crowd winner for the two days' celebration and every citizen here is expected to and should work in every way to make Monday and Tuesday a day to be remembered in the history of Wichita Falls.

Twenty-five running horses and fifteen harness horses have been entered for the race meet, which is to be a feature of the celebration next Monday and Tuesday. A grandstand has ben erected at the race track and the track has been rolled and sprinkled and placed in splendid condition. It is arranged to have three harness events and four or five running races each day and some sure enough horse race sport will be witnessed. The committee has decided to put up in purses all of the gate money and entrance fees and this should insure a very respectable purse for each event, enough at least to make them well contested.

J. B. Marlow and others who have been working on this feature especially of the big celebration, are feeling that this race meet is going to be the start of an annual fair and race meet, and are planning it with tha tend in view. It has been urged by many for a long time that a regular old fashioned country fair is one of the best attractions that can be held in any city in that it brings into closer relations the country and the city people. Mr. Marlow is of the opinion that the race meeting next week will be a step in the direction towards this kind of a fair, and believes the people of the city should take hold of it and help make it a grand success.

The barbecue committee for the celebration has provided for 10,000 pounds of beef, pork and fish for the big feed and certainly everybody should have plenty to eat. The fish are shipped from the coast and will probably arrive tonight.

News From The Oil Fields

$2,000,000 IS INVOLVED IN OIL TRADE AT TULSA

Bell and Other Properties Are Taken Over By Asiatic Oil Company—Deal is Big One

A Tulsa dispatch to the Dallas News today says:

Probably the biggest oil deal ever made in Oklahoma is the purchase of the Bell properties and other productions by the Asiatic Oil Company. The purchase price is said to exceed $2,000,000 and the properties sold are among the best in the State. The Bell properties consist of the Signal Oil Company, the Standard Oil and Gas Company, the King Oil Company and the recently developed property in the Adair pool west of Nowata. The other properties included in this transaction will not be announced for a few days, but it is said they include some of the most prolific production in Pawnee and Osage counties.

The new concern will form an Oklahoma organization to handle its properties in this State. These [illegible] in, to about six hundred, which is its average at present. The manner in which it is keeping up to the tall figures leads to predictions that it will set a new mark for the field.

FIRST BALE OF SEASON ARRIVES AT CHILDRESS.

(Childress Post)

The first bale of cotton brought to the Childress market this season was gathered and brought to town by J. W. Bolton, living eight and one-half miles southeast of Childress last Thursday. It was bought by McClain & Rigsby at 11 3-4 cents per pound. The bale weighed 520 pounds, hence brought over $60 without the seed. A purse of $38 had been made up for the first bale and this made it worth just about $100 without the seed, which were probably worth $8 or $10 more. Mr. Bolton is a renter and lives upon F. V. Cannon's place.

A total purse of $57.25 was made up for the first and second bales, to be divided two-thirds for the fist bale and one-third for the second bale. The second bale has not yet been brought in but when it comes there will be a purse of some $19 for its owner.

CHILDRESS COUNTY YOUTH KILLED BY FALL FROM HORSE

(Childress Post)

At 3 o'clock Monday morning near Lonie, in the north part of the county, Edward Frazier died from the effects of injuries received by being thrown from a pitching horse Sunday afternoon about two o'clock.

Deceased was a young man just 21 years old and was employed by Butler Morrison. His mother is a widow living in the same community. Full details of the accident are not at hand, but it seems that he was thrown from a bucking horse, landing on his head, never regaining consciousness. It is said that no bones were broken in any part of his body and the exact injury that caused his death may never be known. Medical assistance was called from Childress and everything possible was done to save his life, but all to no avail.

Teachers' Examinations In Wichita Falls Next Week

Examinations for teachers certificates will be held in Wichita Falls on Thursday, Friday and Saturday of next week. The examination is for state permanent, state permanent primary, state first grade, state second grade and county second grade teachers' certificates, said examination to be held by the board of examiners under the direction of the county superintendent of public instruction. The following schedule as to the time and the subjects is prescribed:

Thursday, forenoon—History of education, physics, solid geometry, English and American literature; afternoon—Psychology, chemistry, plain trigonometry, bookkeeping.

Friday, forenoon—Texas history, physiology, spelling, reading; afternoon—Methods, United States history, geography, agriculture.

Saturday, forenoon—Arithmetic, English grammar, physical geography, plain geometry; afternoon—Civil government, algebra, general history, English composition.

State Superintendent of Public Instruction F. M. Bralley, in speaking of the forthcoming examination said:

"The law requires that the county superintendent in each county shall appoint a county board of examiners composed of two persons, each of whom shall be the holder of a teachers' first grade certificate or a certificate of higher grade in order for the examination to be legal, both members of the county board of examiners must be present during the entire examination, and the examination must be conducted in accordance with the rules and rgeulations prescribed by the state department of education and the county superintendent of public instruction.

"It is recalled that the summer normal board of examiners, composed of thirty-five representative educators of the state, recently reported to the state epdartment of education that here was evidence of irregularity and similarity in a number of the examination papers submitted by applicants for certificates from some of the summer normal institutes of the state, and that the board suggested that it might be wise to ask the legislature to enact a law forbidding any applicant for a certificate against whom charges of collusion were made and sustained the privilege of reentering another examination for a certificate for a period of at least two years.

"The state superintendent realizes that irregularity and similarity of papers submitted by white applicants for teachers' certificates were limited to only a few of such persons and that most cases of irregularity and similarity of papers were among those papers submitted by colored persons. The state department, however, is considering the suggestion made by the summer normal board of examiners, and is making an investigation of the authority of the state department of education to issue a ruling covering the recommendation. Therefore, a ruling may be announced within a short time denying the right of any applicant, white or colored, who has been guilty of collusion, to reenter the examination for a teachers' certificate for a period of one or two years."

DR. H. A. WALLER

DENTIST

Office: Room 207 Kemp & Kell Building. Phone 836.

I wish to announce to the people of Wichita Falls that I have recently returned from Chicago where I completed a special course in orthodontia, and am now prepared to treat all malformations of the mouth; namely crooked and protruding teeth. There is no longer need for any one to go through life with these facial deformations. This work should be attended to early in life. Will examine and discuss cases of orthodontia on Wednesday and Saturday afternoons only.

Yours sincerely,
DR. H. A. WALLER.

Why don't you take the children to the seashore this year

There is nothing healthier or better than sea breezes for children—or, for that matter, for grown ups too.

Ask about the special sixty-day fares to New York and the variable rail and water tours to New York City and Boston, via Norfolk and steamers in one direction.

Any "Katy" agent will be glad to give you particulars about these exceptionally desirable vacation trips, or address

W. G. Crush
General Passenger Agent, Dallas, Tex.

WICHITA FALLS DRUGGISTS DESERVE GREAT PRAISE.

Fooshee & Lynch, druggists, deserve praise from Wichita Falls people for introducing here the simple buckthorn bark and glycerine mixture, known as Adler-i-ka. This simple German remedy first became famous by curing appendicitis and it has now been discovered that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. It is the only remedy which never fails.

SPARKLING ROBES AND GLITTERING LACES

M'lady Will Make Most Coruscating of Last Year's Costumes Seem Dim and Dull

Kansas City Star.

Every woman may feel that she has a chance to shine this season. With sparkling robes and glittering laces her appearance will make the most coruscating of her last year's costumes seem dim and dull. Beads and Rhinestones outline the designs on handsome robes, work out the patterns in real laces and decorate most of the corsages of gowns in simpler tones.

Some of the new trimmings just imported by a firm who brings Paris to us through their buyer, are worthy a place in a cabinet along with other works of art. First of these are of course, the real laces, duchesse wide enough for a full length skirt, valencines with a bunch of roses having the flowers thickly padded and embroidered, chantilly with the design outlined with the tiniest rhinestones, or run with threads of delicate color.

Bohemian The New Lace.

Specially favored among all the laces brought over for the trimming of ceremonious gowns is the Bohemian, a wonderfully intricate webby looking lace which, like Venise meets a demand for a lace between the very heavy and the filmy patterns. The Workmanship on it is exquisite and in durability it probably has few equals. Wide handings and deeply scalloped flouncings will be used on gowns and bits of it will be worked up here and there on blouses.

Among the most fascinating robings this buyer has brought over are those of the white chiffon embroidered heavily in white silks with inserts of Valencines, dotted nets and even velvets. Some of this work may be had in all-over as well as the bands and flounces. One piece of chiffon for robes is of white with a border of "tongues of flame" outlined with crystal beads, another outlined with jet.

"Flame is the newest and most ragingly popular color just now in Paris. Another handsome chiffon robe has a border of gold stripes running up from the edge about twelve inches each stripe spangled with gold and finished on the edge with gold beads and bugles.

A handsome black robing of chiffon was embroidered in silk flowers with velvet petals applied. A yard of this employed on a handsome gown about the corsage and sleeves would add a distinctive elegant touch.

A Young Girl's Dress.

Daintiness itself is embodied in a charming net lace frock, completely made excepting for the slip. The skirt was plaited the shoulders in one with the waist were smooth. The bottom had an edge of cerise taffeta, a girdle of same was finished with girlish bow and a tiny flat collar also of the taffeta completed this youthful little dancing frock.

Robes of handsome Chantilly and Lierre lace, collars, flounces and scarf to use as trimmings are among the early importations at this place.

The most lovely old wash blond with three spaced stripes of color outlined with diminutive rhinestones is shown by the yard five inches wide. It is to be used in the flattest of plattings in the dressiest of frocks. This little trimming and other flouncings worked out in color beads are reminiscent of grandmother and her best bib and tucker, so delightfully old fashioned are they.

UNIFORM CHILD LABOR MEASURE RECOMMENDED

Milwaukee, Wis., Aug. 29.—Having approved a model uniform law intended for adoption by all the states to prohibit the employment of children of certain ages, the American Bar Association discovered today that it had gone on record against the use in any part of the country of caddies under fourteen years old.

The proposed law as offered by Walter George Smith, of Pennsylvania provides that no child less than fourteen years old, shall be permitted to work about, among other places, "any boarding house, barber shop, laundry, garage, place of amusement or club."

Although it was not intended to refer to caddies, Mr. Smith explained, even after it was discovered that those important operatives of the golf links were affected, that every effort would be made to have the model law generally adopted.

Mr. Smith's explanation of the exit of the fourteen-year-old caddie was received with applause and the proposed law was endorsed unanimously.

DR. H. A. WALLER

DENTIST

Office: Room 207 Kemp & Kell Building. Phone 836.

I take pleasure in announcing to my former friends and patrons that my office is now open on 2nd floor Kemp and Kell building. My new office is equipped with all the latest sanitary dental appliances known to modern dentistry, including two full sets of instruments and an electric sterilizer. This enables me to use sterilized instruments on each patient. It is a well known fact that many contagious diseases, such as tuberculosis, diphtheria, pyorrhea, (that dread disease which causes the teeth to become loose and fall out commonly known as scurvy) and many blood diseases can be transmitted from the mouth of one patient to that of another by the dentist.

It affords me great satisfaction to give my patients this safeguard. Soliciting a renewal of your liberal patronage of past years, I beg to remain,

Yours sincerely,
DR. H. A. WALLER.

Robatch's Mineral Water.

is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the wells or delivered in jugs or cases.

This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Robatch, Owner. Phone 1601—1 long—4 shorts.

PERSONAL MENTION

Luke Wilson of Kansas City, arrived here this morning to look after his interests in Archer county. He will probably remain in this section for several weeks.

J. J. Taylor of Petrolia, arrived here this morning on a business trip.

Dr. and Mrs. R. L. Miller are expected to pass through the city tonight en route to Fort Worth, where Dr. Miller will enter a sanitarium to be treated for blood poison. Dr. Miller left a few days ago for Amarillo to meet Mrs. Miller and family who were returning from Colorado.

J. J. Perkins returned this afternoon from Dallas and Galveston.

H. B. Patterson who has been in Fort Worth for several days, returned this afternoon.

Frank Cullinan left this afternoon on a business trip to Electra.

Charley Yeary, constable-elect at Electra, was in the city today.

Attorney Ed Napier of Electra, was a business visitor to the city today.

Charley McKeehan left this afternoon to spend a few days with relatives at Seymour.

R. O. Hunt, a citizen of Huff, was in the city on business today.

Mrs. E. Presley of Plainview, stopped off here yesterday as the guest of J. S. Fore and family for a day before returning to her home after a visit with relatives in Huff.

J. L. Jackson and wife and family are expected to return tonight from Long Beach, Cal., where they have been for the past two months.

Mrs. Tolbot of Houston, who has been in the city for several weeks, returned to her home. She has been the guest of her niece, Mrs. Frank Cullinan.

W. R. Moore, a cattleman with headquarters in Ardmore, Okla., passed through here today en route to his ranch near Benjamin.

R. E. Lyons of Fort Worth, is in the city today.

E. B. Gorsline left this afternoon on a business trip to Fort Worth. He will return tonight.

Mrs. E. B. Gorsline left this afternoon for Nocona to remain for several days as the guest of friends.

Misses Beth and Annie Trimble, the former an employe of the postoffice and the latter a primary teacher in the San Jacinto school, returned last night from Ohio and Chicago. Miss Beth has been spending a vacation in Ohio and Miss Annie has been studying in the University of Chicago.

Miss Ellie Ramey of Chillicothe, Texas, arrived here yesterday afternoon from her home to join her sister, Miss Eddie on a visit to Miss Myrtle Hurley on Austin street.

Miss Helen Anderson Ritchie of Chicago, is with her sister, Mrs. J. L. McKee, 1005 Tenth street. Miss Ritchie will have charge of the vocal and French departments of the Wichita Falls College of Music and Art.

E. B. Ragland returned yesterday from a weeks' vacation trip to San Antonio and Galveston. He was accompanied home by his sister, Mrs. J. A. Jennings of San Antonio, who will visit for a time at the Ragland home.

N. L. Inge will go to Dallas Saturday to return with Mr. Inge, who has been on a visit with friends for some time.

John Walker has resigned his position with the Frecar-Brin Furniture Co., and will leave Saturday night for Beaumont, where he has taken a position with the Phoenix Furniture Co.

Miss Mae Cason who has been visiting her sister, Mrs. John Sibert, left last night for Amarillo to remain for a few days before returning to her home in Pueblo, Colo.

Herbert Snyder returned yesterday from Denison, accompanied by his grandmother, Mrs. J. S. Fehr, who will visit for a few days with her daughter, Mrs. F. W. Snyder.

NEW STATE OFFICIALS TO VISIT PENITENTIARIES.

Austin, Texas, Aug. 29.—Gov. Colquitt in requesting B. F. Looney and Will H. Mayes, nominees for attorney general and lieutenant governor, respectively, to accompany him over the penitentiary system with a view of getting them to cooperate with him in a revision of the penitentiary laws, will ask that they consider especially the financial end of matters. He believes that perhaps there are a number of useless expenditures of money required under the present statutes—expenditures which can be eliminated or at least reduced without material damage to the system. This phase of the matter, he will ask that they consider. He also wants them to know the exact situation—to know just what is needed—to the end that they may also give the legislature the benefit of their judgment. He proposes a very thorough study of the whole penal system along these lines.

OFFICERS ARE ELECTED BY BAR ASSOCIATION.

Milwaukee, Aug. 29.—Frank C. Kellogg of St. Paul, was elected president of the American Bar Association this afternoon. Other officers were re-elected.

"None Like Nunnally's"

When you pay the price that justifies your getting high grade candies see that you get them.

There are many brands of package candies that look good from the outside, but won't bear close inspection.

If you have been in the habit of sending your friends those American Beauty decorated packages without knowing the quality of the contents you will do well to come to us and get a package of NUNNALLY'S. Open it and when you bite into one of the luscious chocolate covered spheres you will smile and say "THERE ARE NONE LIKE NUNNALLY'S."

We get it by fast express and keep it on ice. It's always good.

By Associated Press.

Galveston, Texas, Aug. 29.—Spot cotton closed eighth down. Middling 11 3-8. Sales F O B 2005. Stock 89,773. Receipts 16,630.

Kansas City Grain.

By Associated Press.

Kansas City, Aug. 29.—Cash wheat No. 2 hard 90 1-2 to 91 1-2. Corn No. 2 white 78. Oats No. 2 white 34 to 34 1-2.

Fort Worth Cattle.

By Associated Press.

Fort Worth, Texas, Aug. 29.—Cattle receipts 2600, steady. Steers tops $5.20. Calves receipts 600, twenty-five cents higher. Tops $7.50. Hogs receipts 2425, five cents higher. Tops $9.15. Sheep receipts 731, steady.

TARIFF IS WILSON'S SUBJECT BEFORE PENNSYLVANIA GRAN

By Associated Press.

Williams Grove, Pa., Aug. 29.—Col. Roosevelt's analogy that benefits of the protective tariff system constituted "prize money" of which too much was kept by the officers and too little distributed to the crew was criticised by Gov. Wilson today. He wanted to know in his speech before the State Grange picnic just where the "prize money" came from.

He said the "plunder" came from the farmer who was taxed too highly by the tariff on agricultural implements. The governor confined himself to the tariff an how it affected the farmer and drew attention to President Taft's veto of the farmers' free list bill.

W. F. Turner who is sojourning in Colorado with his family, writes The Times as follows: "My wife's health is improving right along and we hope to return to Wichita Falls by September 15. My son, Leslie, and myself have climbed Pike's Peak on foot since coming here; we were caught in a snow storm and saw a cold day in August. We have been getting The Times regularly and it is a source of great pleasure—we are always glad to get it."

QUALITY

is the basis on which we ask for your business. Two things make or unmake the drug business. They are QUALITY and SERVICE. Price cuts the least figure of anything that pertains to the business. You would not buy Ten Dollars worth of Compound Cathartic pills merely because you could get them for twenty five cents the bushel. You would not buy any more pills at a dollar a ton than you would at the usual time a dozen.

What you want to know is that you are getting what you ordered and that it will be sent up before you forget that your ordered it. We are always on the job with nothing to do but see that you get what you want and get it NOW.

We are not amateurs in this business; we have been throwing bottles at the wall a long time and know every phase of it from the price of tooth picks to the dose of Taraxacum.

If you want to be fortunate send your orders and your prescriptions.

HEARS HUSBAND SWEAR HE WAS DEAD

Mrs. Jesie Cessna Daniels of Wellington, Kansas, Reaches Joplin In Time to Catch Husband

Joplin, Mo., Aug. 28.—Expecting to find her husband John Daniel, dead, Mrs. Jesie Cissina Daniels of Wellington, Kan, this morning came face to face with the missing husband.

He was testyfying at a coroners inquest over the body of a man wha fell from a street car following a quarrel with the conductor whose skull was fractured.

Daniels was testifying that the body was that of John E. Daniels, who had married a girl named Jessie Cissna, at Wellington, Kan. He did not notice his black gowned wife. She had entered the undertaking chapel through a rear door. Her face was shadowed by a wide black hat.

The wife's grief quickly turned to fury when she saw her husband. Tears gave way to bitter words as he seized him. She accused him of deserting her and then giving testimony that would have led her to believe him dead.

Daniels is a St. Louis and San Francisco railroad fireman. He was employed by the Kansas City Southern railroad once, and while there misplaced his union card and button. The card and button were found on the dead man. They led to the belief that John E. Daniels had been killed. When the real Dniel yesterday gazed at the body and assured the undertaker that the dead man was Daniels and told the story of the Wellington marriage, the undertaker lost no time in telegraphing the supposed widow that her husband was dead.

She came to Joplin on the first train. Leaving the chapel the furious wife and the subdued husband entered a cab and were driven to a railroad station.

The identity of the dead man has not yet been cleared.

WALTER JOHNSON IS CHARGED WITH DEFEAT.

New York, Aug. 29.—President Johnson of the American league rules that Pitcher Walter Johnson's winning streak was broken in the second St. Louis-Washington game Monday. Mr. Johnson, who is here on his way to Chicago said: "The winning run was made by the St. Louis club when Johnson was in the box, and the game will be recorded as a defeat for him. Johnson made a wild pitch and a St. Louis batsman hit him for a single that sent home the deciding tally. John A. Heydler, secretary of the National league, states that in his opinion Johnson should not be charged with the defeat.

"The rule invariably followed by me," said Secretary Heydler, "holds the pitcher responsible for all runners on bases when he retired from the game, and the first pitcher, therefore, must be charged with the defeat. It is an unfair proposition under such conditions to expect the second pitcher to prevent runs."

WICHITA FALLS COLLEGE

—OF—

MUSIC AND ART

—WILL OPEN—

SEPTEMBER 19th, 1912
